

THE ELIASON® ECONOSPAN™

The Solution for an Economical and Durable Barrier.

ECONOSPAN® INDUSTRIAL CURTAIN

The Eliason EconoSpan Industrial Curtain allows you to maximize your available space and provides easy installation, retractibility and mobility not available in permanent wall fixtures. EconoSpan Industrial Curtains are made with durability in mind, constructed of reinforced flame retardant vinyl* and mildew resistant thread. Industrial curtains are available in 18 oz. material in an array of colors (see the back for available colors). The top of the curtain has a reinforced sewn hem with stainless steel grommets available in 12", 18" or 24" increments.

ELIASON®

EconoSpan Industrial Curtain

product features
& specifications

Quality Engineering Proven Over Time

- The no-fuss industrial curtain stays up as long as you like, but can easily be moved to different areas, giving you the versatility needed to meet your changing needs.
- Whether you are grinding metal or working with fiberglass, EconoSpan Industrial Curtains provide separation of messy processing and manufacturing operations from other areas of your facility, increasing employee safety and comfort.
- EconoSpan Industrial Curtain material meets flame retardant code NFPA701 and California Fire Marshal Standard*.
- With our optional track system, the industrial curtain can retract or expand within seconds, giving you the flexibility to quickly open or close off the area as needed.
- The EconoSpan Industrial Curtain can be installed in a fraction of the time it would take to create a framed wall, saving you time and money!

EconoSpan Options

Options include a bottom hem for pipe or chain, windows, 6" floor sweep, vertical stiffener pockets, cut out reinforced hand pulls, panel connections with pressure sensitive hook and loop, heat sealed construction for clean environments, and industrial curtain track and trolley hardware.

* Consult Eliason for fire certifications which may vary by material type.
